Only valid on new Paperly orders. The \$100 minimum is calculated as the retail price paid by the Customer. To clarify further, if a \$100 product is purchased using Hostess Credits, meaning the Hostess outlays \$0.00 for her products, then this free shipping promotion will not apply. If the “Free Shipping Promotion” shipping method has been chosen, but the \$100 minimum has not been eclipsed, then Paperly's standard Direct Shipping fee will apply. When chosen, the Free Shipping Promotion will cause the Customer's products to be shipped directly to the address entered in the Host or Guest Information screen. Paperly is not responsible for addresses inaccurately entered. Free shipping offer only applies when shipping directly within the United States. Not applicable on Business Supply orders.
